CRUSH MIST GREEN AND ZEN WHITE PLEATED TRANSITION™ BLINDS

5 top tips to keep your home warm

1. PREVENT CHILLY DRAUGHTS

Made-to-measure window dressings that fit snug at your window, help to seal draughts to reduce heat lost out of your window.

2. LAYER ON UP

Shutters are proven to be one of the most effective options at reducing heat loss at your windows. Layer curtains over shutters to add visual warmth, and keep your home cosy and warm.

3. OPEN AND CLOSE WINDOW DRESSINGS AT THE CORRECT TIME

You can schedule your smart blinds to open in the morning and close in the evening, to help retain heat and keep your home warm.

CAFÉ STYLE SHUTTERS WITH KENDRA LINEN CURTAINS

LINDORA SILVER CURTAINS AND KENDRA MAIZE ROMAN BLINDS

4. ADD A THERMAL LINING

All of our curtains and Roman blinds are lined as standard, but adding a performance lining can help reduce heat loss by up to 21%.

5. CHOOSE COSY AND INSULATING MATERIALS

Opt for thicker fabrics such as velvet and bouclé with a performance lining, to keep the heat in, the noise out and help you get a good night's sleep.

These tips work just as well in the summer to keep your home cool and comfortable.

Duette®'s innovative technology works hard to keep your home warm and cosy.

SILK CHARCOAL DUETTE® BLINDS

NEW thermal honeycomb blinds

We know a warm home is a happy home, so we're here to help you regulate the temperature in your home all year-round with our NEW thermal Duette® and Thermashade™ Pleated blinds.

Pleated blinds have delicate concertina like folds that provide a soft and streamlined look at your windows. Their honeycomb structure traps warm air from escaping, and prevents chilly draughts from seeping through.

Wise Words

“Duette® blinds can help to reduce heat loss at your windows by up to 55%, their enhanced thermal benefits will help to keep your home warm this winter.”

YVONNE KEAL,
HILLARYS PRODUCT EXPERT

SILK CHARCOAL DUETTE® SKYLIGHT BLIND

With blackout options available, they make a great solution for your bedroom windows, with calming shades to choose from.

DUETTE® AND THERMASHADE™ BLINDS

Duette® and Thermashade™ Pleated blinds are a stylish solution for every room, especially conservatories, bi-fold doors and rectangle roof blinds. There's plenty of choice when it comes to Pleated blinds, which is where your local advisor can help. They're on hand to recommend the right product at the right price, and take care of all the measuring and fitting, fuss-free.

Choose Smart or Electric to maximise Duette® and Thermashade™ blinds' thermal benefits, by scheduling morning and evening operation, all from the touch of a button, on your phone or voice control.

Electric and Smart blinds

Our made-to-measure electric blinds make opening your blinds a breeze. Designed with your comfort and convenience in mind.

They're really easy to operate with a remote control or simple wall switch. And they're smart compatible too, so you can open and close your blinds through an app on your phone or through your smart home system. Compatible with Google Assistant or Amazon Alexa.

DAWN LIGHT GREY DAY & NIGHT BLIND

A SMART SOLUTION

Electric or Smart blinds are a great solution for wide expanses of glass, and hard to reach windows such as conservatory roofs, where traditional cords are tricky to access.

We offer Electric and Smart options on Rollers, Romans, Pleated roof and side blinds, Wood and Faux Wood Venetians, so you're sure to find something to suit your lifestyle.

WOODEN VENETIANS

Wooden blinds are a firm favourite, always stylish, with a similar look to shutters but at a pocket friendly price. Make the most of the natural light in your space, and enjoy a beautifully timeless look at your windows.

ROLLER BLINDS

We love the simple, yet practical design of Roller blinds, and all the colour options and patterns means there's so much choice for you. Choose from delicate sheers, hardwearing PVC, blackout, and sustainable choice fabrics too.

Ask your advisor about Electric and Smart options for Rollers, Faux Wood and Wooden Venetian blinds.

TOP TIP

At night, close the blinds with the slats facing upwards so there's no way for outdoor street lights to shine down into the room.

Finishing Touches

Choosing the right accessories is key when it comes to getting the perfect look at your windows. We offer a range of header types, tracks, poles, tiebacks and linings, so you can create curtains that complete your style.

HEADERS, TRACKS AND POLES

For a curtain to look good, it should hang beautifully. Our range of headers include pencil, pinch pleat, eyelets and wave, or complement your look with a wooden or metal pole. We also have double tracks and poles too for seamless layering. Your advisor will talk you through these options to find the right solution for your window.

CUSHIONS AND TIEBACKS

All our curtains and Roman blind fabrics can be made into cushion covers. Choose from a range of sizes, and coordinate or contrast fabrics to suit your unique style. Add tiebacks to your curtains too for that final finishing touch.

Every curtain and cushion cover is hand finished by our brilliantly skilled seamstresses to ensure every detail is perfect.
